

Speaking of male genitalia: Malcom looks like a retired wrestler, lots of fat and CTE, but not much in muscle, skill or looks. We think The Undertaker and Nutty The Brain will have a little fun exposing these turds.

JJ and Nards: We assume JJ stands for Just Joking??? We think JJ should act very important and better than the rest of his team. A classic Titan. Grady the British Bulldog and Macho Man Chad Savage will put him and Nards in their place.

The Rod and Rudman: The level of skill difference in this team is very obvious. Clearly black and white. We hope Rudman can keep up. Roddy Yux Piper and John Caliento Cena.

Boy and Stearns: The only team that could honestly live up to the name "The Titans." Like Dahmer and Gacy, Bundy and Jack the Ripper, these two are clearly Titans of the creeper world. Time for Shimo Super Fly Snuka and Stone Cold Nelly Austin to humiliate these douches.

Nate and Barger: Sergeant G\$ Slaughter and Jumping D.A.R.Y.L. Brunzell will have their way with the Titan of Bloomington Packaging and the Barleycorn bartender. While Burrows The Undertaker doesn't have a set match against Nate, we do like that Nate lives in a cemetery.

Smitty and Corn: This was obviously the two people left when captain Petey was done picking his matches. This team looks worse than the West Hollywood Blonds. They are going to fall like the Gawker after Razor Stix Ramon and Ric Casey Flair have their way with them.

TJ and Chip: We like the CHiPs reference. You should dress and act like Ponch and Jon. Try to keep Kenny the Snake Roberts and Mick Foley Macomber locked up. Good Luck.

#### 4. Performance

We envision a Harlem Globetrotters/Generals dynamic. You guys can try as hard as you want and sometimes we will play down to the competition in order to "make it interesting." Please try to keep up and not get hurt.
